NOTICE: LIMITATION OF WARRANTY

The following warranty is offered in lieu of all warranties expressed or implied including those of merchantability and fitness, and limits the liabilities and obligations of NDI Plumbing.

NDI Plumbing will supply labor and material to repair or replace any NDI Plumbing work found to have defects in material and workmanship for a period of thirty days after completion of work.

Effective July 1, 1966 California law requires each licensed contractor to give all clients, prior to receiving any payments from them, certain notice. The routine notice below is incorporated into all our invoices only to comply with law and is not to be considered in anyway as a reflection on your credit.

NOTICE

Under the Mechanics; Lien Law (California Code of Civil Procedure, Section 1181 et seq.), any contractor, subcontractor laborer, supplier or other person who helps to improve your property but is not paid for his work or supplies has a right to enforce a claim against your property. This means that, after a court hearing, your property could be sold by a court officer and the proceeds of the sale used to satisfy the indebtedness. This can happen even if you have paid your own contractor if full, if the subcontractor, laborer, or supplier remains unpaid.

Notice to Owner or Materials Supplied or Work or Service Performed

Section 108.245 of Nevada Revised Statutes, a part of the mechanics' lien law of the State of Nevada, requires for your information and protection from hidden liens, that each person or other legal entity with supplied materials to or performs work or services on a construction project, other than one who performs only labor, shall deliver to the owner a notice of materials supplied or the work or services performed.

Pursuant to NRS 108.245, be advised NDI Plumbing has supplied materials performed the work indicated on the reverse of this sheet for improvement of the real property identified thereunder, under contract with the contractor there listed. The total anticipated value of the materials, work or services and the first delivery or performance is indicated on the reverse of this sheet.

This is not a notice that NDI Plumbing has not been or does not expect to receive payment, and is meant in no way to reflect on the integrity of either you or the named contractor. It is rather, a notice required in order that the undersigned may if necessary at a future date, claim a lien, as provided by law, against the property described above in the event of non-payment of the materials, work or services described.
